## *Dementia Care Workshop*

*Thursday June 21, 2018  
6:30 - 8:00 pm*

Dementia is a complicated disorder and dementia care is very difficult. This workshop will introduce the basics of dementia care and communication, with significant time dedicated to answering questions of attendees. A handout of highly recommended informational books and websites will be provided.

This workshop will be led by Daniel Kaplan, PhD, LICSW. Dr. Kaplan is the former National Director of Social Services at the Alzheimer's Foundation of America and is currently an Assistant Professor at Adelphi University School of Social Work. He is available to work with families.

All are welcome to attend.  
Registration is  
recommended at  
941-7072 or
