Wire and Beads Craft Materials List:

Thick craft wire

Thin craft wire (or pipe cleaners)

Scissors

Beads (that fit around the thin craft wire)

If you do not have craft wire:

You could try to use a wire hanger as your “thick wire” and pipe cleaners as your thin wire. However, ***a wire hanger is much harder to cut and to manipulate into a shape than craft wire***; and so you will likely need wire cutters and a pliers to work with it. Also, a child would not be able to shape it themselves.
